

The AACE International – Delaware Valley Section Presents:

## “Philadelphia International Airport Extend Runway 27L and Associated Taxiways”

**Mark your calendars now for October 14, 2015**

Attend the AACE International Delaware Valley Section meeting on September 9<sup>th</sup> 2015 to learn about the extension of Runway 27L and construction of new taxiways at the Philadelphia International Airport (PHL) which is about to commence construction. The multi-year, multi-phased capacity Enhancement Program (CEP) consists of the extension of Runway 27L, construction nine new taxiways, realignment of one taxiways, Navigational Aids (NAVAIDs) relocation for Runway 27L, new airfield lighting and relocation of existing fuel line from the fuel farm to the fueling islands. This phase of the program was divided into three bid packages. The first package involved the placement of P-209 (Aggregate) as surcharge material for the new taxiways, relocation of the fuel line and installation of electrical ductbanks. The second package is for the extension of Runway 27L, construction of eight taxiways, one taxiway realignment, NAVAIDS and new airfield lighting electrical cables and light fixtures. The final construction package include the extension of a taxiway constructed in Package 2, construction of one new taxiway, electrical cable and light fixtures

### **Presenter: Keith Shuster, PSP (Urban Engineers, Inc.)**
